Legal Forensic Solutions Masterclass

This Legal Forensic Masterclass tackles the exact challenges that make-or-break cases: “Unable to prove or disprove forensic evidence”, disputed documents, scientific flaws in evidence collection, lab deficiencies, electronic evidence admissibility, expert testimony, and cross-examination. Learn how to spot contamination in the chain of custody, expose weaknesses in digital evidence trails, and dismantle flawed expert opinions under cross-examination. We go beyond theory, using real case studies to show when forensic evidence stands, when it crumbles, and how to argue both sides with precision. Designed for advocates, prosecutors, and investigators who can't afford to lose a case on technicalities.

Who should attend:

- Law firms/ Lawyers
- Lawyers
- Legal Teams
- Law Students
- Administration Heads
- Risk & Fraud Control Heads

Why is this masterclass non-negotiable?

This Masterclass shows how forensic science detects, prevents, and proves evidence integrity and misconduct, whether it is internal or external. Since 100% of cases are fought on evidential proofs, the forensic angle of the evidence is a must to understand and identify. That's why our content is built as actionable legal-mitigation briefings for the boardroom and the courtroom.

Objectives of the masterclass

- Understanding Evidence Admissibility
- Strengthening Cases Through Scientific Evidence
- Evaluating Evidence Authenticity
- Understanding Electronic Evidence under BSA 2023
- Ensuring Legal Compliance of Digital Records
- Identifying Evidentiary Weaknesses and Gaps
- Understanding the Role of Forensic Experts
- Applying Forensic Science in Case Strategy
- Supporting Effective Cross-Examination
- Interpreting Forensic Reports with Confidence
- Challenging Questionable Evidence Scientifically

Key Areas of Learning

- Crime scene investigation
- Digital & electronic evidence analysis and report analysis
- Fingerprint and trace evidence analysis
- Document examination and forgery detection
- Video/audio authentication
- Handwriting and signature examination
- Toolmark identification
- Security features detection
- Typed or printed document examination
- Mobile device and its artifacts examination
- Mobile device malware assessment
- Deleted or hidden data examination/analysis
- Case consultation
- Evidence reviews
- Technical interpretation
- Court testimony
- Cross-examination support

The mentor

Recognised as India's First and the World's Longest-Serving Forensic Journalist by World Book of Records, British Parliament, Rai brings over two decades of unmatched expertise at the crossroads of science and storytelling.

From leading newsrooms to training police forces and mentoring future forensic experts, Rai's work transforms headlines into hard evidence. Armed with double PG in Forensic Science and Criminology and Ph. D. in Forensic Science. Two certificates from United Nations Office on Drugs and Crime for anti corruption investigation and organized crime adds valuable feature in his cap. Awarded from the British Parliament and French Senate, Rai is a pioneer who doesn't just uncover the truth, he proves it.

Indrajeet Rai

Forensic Analyst and Criminologist

Learn how forensic science helps you catch, justify, and prove evidence in court. Expect practical and evidence-based solutions you can use immediately, in operations and in litigation.
